Meeting Minutes for Parent Superintendent Advisory Committee

The meeting was held on February 13, 2020, at TTUSD’s District Office in Conference Room A. In attendance: Tara Morrissey (Tahoe Lake parent), Karen Plank (Donner Trail Elementary), Anne Silvern (Kings Beach parent), Kelli Twomey (staff).

Dr. Leri welcomed the parents and then went around the table with introductions. TTUSD’s Meeting Norms were listed on the agenda.

❖ Dr. Leri asked parents to share any good news they had from around Tahoe Truckee.

❖ Valerie Simpson gave an overview of the Local Control Accountability Plan (LCAP). LCAP is required by the state even though we do not receive funding from the state. Valerie shared that she stated that she will be going through some parts of it today and then will get into more detail at the next meeting. There are three cycles to the LCAP and TTUSD is finishing the second of three cycles. And the LCAP template has changed and Valerie went through what’s new and explained the intent and purpose of the new LCAP.

Input on LCAP, as it’s written, is a big component of the planning process. So she wanted to engage in conversation and ideas that parents thought should be included. She asked parents for their feedback and a few shared some questions they had.

Four components of the LCAP are Accountability, Dashboard, Differentiated Assistance, and Systems of Support. Based on the CA Dashboard results, TTUSD qualifies for Differentiated Assistance: support from PCOE in the form of individually designed assistance, to address identified performance issues, including significant disparities in performance among student groups.

❖ Dr. Leri shared district updates and celebrations. He also talked about his recent announcement about retirement. He will be here through July 2020 and is hoping for overlap with the new Superintendent Chief Learning Officer (CLO). He shared the planned recruitment process for a new Superintendent Chief Learning Officer (CLO). The board is not looking at a change agent for their new CLO like they were back in 2012. Also, the Board is very interested in expanding who is on the interview panel, including principals and parents. Committee members shared their thanks for all he’s done for our students and district and what a big loss it is.

Thank you!
Before the meeting concluded, he asked parents to go around the table and share any updates from their school if they wanted.

The meeting concluded just after 10:00 a.m.
