Dr. Leri welcomed parents and introductions were done around the table with Nanette Rondeau sharing her background with the transportation department.

Celebrating What’s Right in Tahoe Truckee-Dr. Leri asked the group to share any good news and accolades. Then Dr. Leri shared district updates, including that January is School Board Recognition Month and at the first board meeting of January, he recognized the board. He also mentioned the Student Voice Panel coming up on February 26. Parents are encouraged to attend.

Dr. Leri shared an update on the district’s budget. He reminded the committee that in previous committee meetings, in particular in the first meeting of this school year this fall, he’s shared that we have reductions for 2020-2021. The amount of reductions is $750,000 and it will keep it as far away from the classroom as possible. That’s why he’s asked for a year of austerity this school year and we’ve made reductions in expenses outside of the classroom. Because of the budget situation, and the need to reduce/eliminate deficit spending, the district is not able to offer pay increases for the 2020-2021 year. While it’s the highest revenue year we’ve ever had, it’s also the highest year of expenses. Dr. Leri shared a copy of his recent “Note from Rob” that outlines our current budget situation. He also touched on the fact that the facilities bond project has nothing to do with the current budget and lack of ability to offer pay raises.

Thank you!
Nanette Rondeau gave a presentation on TTUSD’s Transportation system and offerings. She shared a fact sheet and touched on the fact that we have a high number and increase in ridership with every bus at capacity which has affected guest ridership. She also talked about a current safety challenge at our hub stops. We have a problem with parents parking illegally in the bus loading zones, creating unsafe exit routes for the students. Parents shared ideas on how to address. Nanette also shared snow day procedures and what goes into calling a snow day.

Before the meeting concluded, a few parents shared updates from their schools. The meeting concluded at 10:20 a.m.

The remainder of our 2019-2020 committee meeting dates are February 13, 2020, March 12, 2020, April - no April meeting due to the State of the District on April 9, 2020, May 14, 2020, and June 11, 2020.
