4. Create and enhance college and career options for every student.
5. Establish a welcoming and engaging culture for Parent and Family Engagement.

Update on School Calendar and Snow Days!

Board took action to waive five days in our school calendar which brings our school calendar down to 175 days, which is the legal requirement. We eliminated the district-wide minimum days which doesn't go towards total days but provides more uninterrupted instructional time. We also eliminated March 29 minimum day for middle schools. We've added three school days during Ski Skate Week where students have two options to complete their course work. Students can do their course work independently or on-site with teacher support.

In light of the number of snow days, Dr. Leri noted that the board will be re-visiting the already school calendars for 2017-2018 and.
