2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

District Vision

All Tahoe Truckee Unified School District scholars will be provided challenging and engaging learning opportunities in order to thrive and to be successful in a globally competitive age. This goal will be accomplished through collaboration with students, parents, staff, and the community, united in dedication to our children's future. Highly skilled, motivated, and caring principals and teachers will engage scholars in effective and innovative instruction through a rigorous and relevant curriculum that promotes mastery of meaningful content, creativity, critical thinking, teamwork, problem-solving, respect for diversity, the ability to communicate in multiple languages, and the effective use of technology. A culture of quality, accountability, responsibility, and respect shall characterize the school district.

Community

Encompassing more than 720 square miles, Tahoe Truckee Unified School District is located in the Sierra Nevada Mountains, 100 miles northeast of Sacramento, and 35 miles west of Reno, Nevada. The District serves more than 3800 students in California's Nevada, Placer, and El Dorado Counties. District boundaries stretch from Hobart Mills, eight miles north of Truckee, to Emerald Bay, near South Lake Tahoe; and from Cisco Grove, twenty miles to the west, to Floriston, fifteen miles to the east.

Sierra High Mission Statement and School Profile

Our commitment is to provide TTUSD students with an alternative educational option to succeed in meeting all state standards for graduation; to produce young people who can think and learn versus those who memorize facts without internalizing the information, and to ensure that every student is prepared to succeed in post-secondary education and careers. We are committed to the belief that through education students will discover or rediscover that learning adds quality to their lives. Sierra High School is a unique blend of students, educators, family, community members, and support staff who, as role models and mentors, are vested in creating high quality, nurturing, and safe learning environment. Sierra High School is dedicated to providing our students with the education, guidance, and support necessary to succeed in all aspects of life. Sierra High School endeavors to provide a comprehensive, standards-based education while preparing our students for employment, post-secondary education, and socially responsible living. Our standards of education include an emphasis on such skills as problem-solving, reading, writing, communication, cooperation, collaboration, and technological mastery. These skills are achieved by utilizing a variety of teaching modes adaptable to different learning styles. Progress is assessed through authentic measurements including performance-based outcomes.

2022-23 School Overview

Sierra High School is dedicated to providing an environment where students become self-directed and responsible learners. As self-managers, each student takes responsibility for his or her own performance, choices, and actions; each student manages time well; each student deals with changes in the workplace (school) maturely.

Sierra High School is an empowering learning environment, where students can challenge themselves both personally and socially in a dynamic educational setting. As one of the few alternative resources available to the Tahoe Truckee community, Sierra High School provides individualized and personalized educational, emotional and social developmental opportunities. This increases the likelihood that students, who may otherwise struggle or fail in other more traditional environments, will successfully complete their secondary education.

Climate for Learning

At Sierra High School we value students' voices. Opportunities for input are provided through SOS (Sources of Strength), weekly school meetings, community service, sports, student assistance programs, and the development of healthy living practices.

Students at Sierra High School are guided by specific rules and classroom expectations, and a school Creed promotes respect, cooperation, courtesy, and acceptance of others. The school's discipline philosophy promotes a safe school, a warm, friendly classroom environment, and demonstrates that good discipline is a solid foundation on which to build an effective school. Students and teachers worked together to determine SHS's core values of respect, responsibility, teamwork, and fun, which serve as the foundation for the school's educational and social climate. School expectations are shared with students and parents in the student handbook and are reinforced throughout the year at weekly meetings, on the school website, in school publications, and through parent-teacher conferences.

School Leadership

School Leadership at Sierra High School is a responsibility shared among District administration, the principal, instructional staff, students, and parents. Staff members are encouraged to participate on various committees that make decisions regarding the priorities and direction of the educational plan. These committees ensure that instructional programs are consistent with students' needs and comply with district goals. Avenues of opportunity include TLC (Teaching and Learning Committee), Leadership Team, Safety Committee, English Learner Advisory Committee (ELAC), and School Site Council.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	33	N/A	60	N/A	47
Mathematics (grades 3-8 and 11)	N/A	11	N/A	50	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2021-22 Career Technical Education Programs

CTE Pathways are programs of study aligned with fifteen CTE Industry Sectors identified by California as leading toward high-demand, high-skill, or high-wage careers. CTE Pathway courses are guided by the CTE Model Curriculum Standards, including Career Ready Practice, Content-Specific Knowledge, and Performance Anchor Standards, and include formalized Work-Based Learning and CTE Student Leadership. Students may choose to attend pathways at any district high school. TTUSD offers the following pathways: Engineering Technology, Food Service and Hospitality, Emergency Response, Gone Boarding (a Product Innovation and Design pathway), and Welding. Students participate in engaging learning experiences through hands-on, real-world applications that CTE uniquely provides. A student becomes a CTE Pathway Completer through Work-Based Learning, CTE student leadership participation, and passing two or more 10-credit CTE courses with a C- or better. Completers are honored at graduation with a sash. CTE pathways are represented by a CTE Advisory Committee composed of pathway-related postsecondary representatives, industry partners, parents, and students. The purpose of this committee is to assist educators in establishing, operating, and evaluating pathways programs and to provide industry-related labor market information. For more information, please visit our website at <https://www.ttusd.org/Page/136>.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Student achievement is tied directly to the degree of parent involvement. Parents and the community are very supportive of the educational programs at Sierra Continuation High School. Parents are always welcome to volunteer at the school and are encouraged to participate in School Site Council meetings and other programs and functions at Sierra High School. Parent and student participation at the Credit Update Night each Fall and Spring is expected. Parents and guardians are kept informed of upcoming school and district functions and events including absenteeism through phone calls and emails.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	10.29	2.18	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

The safety of students and staff is a primary concern of Sierra High (Continuation). All visitors to the campus are required to check in at the front desk. Supervision is provided to ensure the safety of each student before school, during breaks, at lunch, and after school. Supervision is a responsibility shared among support staff, teachers, and the administration.

The School Site Safety Plan was most recently revised in the fall of 2021 by the Safety Committee. The Safety Plan is reviewed with all staff members at the beginning of each school year. Key elements of the Safety Plan focus on the following:

- School rules & procedures
- Sexual harassment policy
- Policies related to suspension/expulsion
- Disaster procedures/routine & emergency drills
- Safe ingress & egress of pupils, parents, & school employees
- Healthy Kids Survey Results
- Health and wellness
- Community Involvement
- Safe school/ climate and culture

All staff members have received ALICE training. The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during an emergency. Fire, disaster, and intruder drills are conducted on a regular basis throughout the school year.

Professional Development

Five days of PD are set throughout the school year.

Educational research supports that the most critical factor contributing to a student's success in school is the quality of the teaching. Tahoe Truckee Unified School District better ensures top-notch teaching and learning via high-quality professional development (PD.) A variety of options are available and range from formal-type workshops or seminars and informal types such as discussions among colleagues, independent reading, observing a colleague's lesson, or participating in coaching with one of our many Instructional Coaches. The frequency of PD varies with the structure and purpose.

Amongst teacher teams at the school site level, it frequently occurs weekly, if not daily. School teams learn from each other by implementing professional learning communities that focus on using student learning data to inform instructional decisions.

When determining the topics and focus of professional development sessions, we assess the needs of our students and teachers and review current research to ensure we remain at the forefront of academic knowledge and strategies. We are committed to providing engaging, focused, and relevant professional development for all the educators in the Tahoe Truckee Unified School District so that each student who graduates from TTUSD is college, career, and life ready.
