- **Welcome & Introductions | (8:45 am - 8:55 am)**
- **Conocimiento (SEL Activity) | (8:55 am - 9:10 am)**
 - Originating from Dr. Roberto Vargas's Community Learning Theory, Conocimiento is a self-reflection activity that allows participants to share and reflect on their knowledge and experiences during meeting openings. The Conocimiento Principle emphasizes the necessity of consciously creating community within the group to heighten the potential for personal growth and shared action. Increased bonding and trust in the group can lead to deeper sharing, greater insights, increased commitment to action, and the inspiration of feeling that you are greater than one person – you are part of a community.
